MR. WILSON: I knew an Ohio farmer named Enochs. He was about fifty years old and was bothered for years with some trouble the doctors didn't understand. He told me the story himself. "I kept getting weaker," said he, "and fairly got so weak my food done me no good, what little I did eat, and I went from 135 pounds down to 98." It was the druggist who suggested that he try Ripans Tabules, and he says that he had not used a dozen of them before he felt much better, and after a month he was cured sound and well, and in less than a year weighed 150 pounds. For a long time he had a bad color, but to-day his complexion is as good as mine.
